SANTA ANA, CALIFORNIA, TUESDAY EVENING, JANUARY 16, 1912.

50 CENTS PER MONTH

PACKERS WON MILLIONS IN 1907

Howled of Hard Times While
They Were Pocketing
Hidden Profits

GOVERNMENT PROBES
ELICIT SUCH EVIDENCE

Morris Co. Sold Hides For
\$3,000,000 Within Period
of 15 Months

CHICAGO, Jan. 16.—The
Government introduced testi-
mony in the packers' trial in an
effort to show that while the
packers were howling of hard
times incident to the panic of
1907, they were making mil-
lions in hidden profits.

The testimony of Harry Timmins,
chief accountant of the Morris Pack-
ing Company, purported to show that
the packers juggled with their ac-
counts and inflated costs. The Morris
Company's private books showed that
hides appearing as costing \$34,000
sold in excess of \$3,000,000, the sales
covering a period of fifteen months.

COLD SWEEPS EAST COAST

Freezing Weather From Nova
Scotia to Florida—Death
to Oklahomans

WASHINGTON, Jan. 16.—The east-
ern seaboard is gripped in cold.
Freezing weather prevails at Jack-
sonville, Fla. Sault Ste Marie is the
coldest spot, reporting a temperature
of sixteen below zero.

**COLD WAVE CENTER SHIFTS
TO NORTHEASTERN COAST**
NORTH SYDNEY, N. S. Jan. 16.—
The cold wave center has shifted to
the northeastern coast. The snow is
thirty-five feet deep in Newfoundland.
Rail and wire traffic are at a
standstill. The steamer Woburn has
been missing for four days and is
believed to be lost.

New England Freezes
HARTFORD, Jan. 16.—It is twenty-
five to twenty-eight degrees below
zero in New England. Orchards in Con-
necticut are damaged to the extent
of hundreds of thousands of dollars.

Warmer in Chicago
CHICAGO, Jan. 16.—The cold
wave has passed here and fifteen
above is the minimum predicted for
tonight. Another cold wave is pre-
dicted for Wednesday.

Seven Frozen in Oklahoma
DALHART, Tex., Jan. 16.—Seven
are known to be frozen to death in
blizzards in southwestern Oklahoma.
Five members of one family were
found dead on a farm near Guymon.
A farmer was frozen at Hooper, and
a tramp at Liberal, Kansas.

GREAT FIRE SWEEP JAPANESE CITY

5000 Homes Reported Burned
in Osaka With 3000
Homeless

TOKYO, Jan. 16.—Five thousand
homes were destroyed in Osaka by a
fire starting at 1 o'clock. A regiment
of infantry aided the firemen in con-
fining the flames to the poorer sec-
tions, where they are still raging. It
is reported that more than 30,000 are
homeless and it is expected that many
have been killed. The report is not
verified.

Open evenings. Wm. F. Lutz Co.

Bryan Scores Morgan: France Decorates Him

COLUMBIA, S. C., Jan. 16.—
"We will not let J. P. Morgan
choose the Democratic candidate
for the presidency," said W. J.
Bryan today. "Although the tar-
iff will be prominent in the coming
campaign, the Democratic party
cannot ignore that back of the
tariff stands trusts, the railroads
and the Wall Street oligarchy.
The latter is made up of heartless
pirates, despotic as the Czar, and
Morgan is their head."

**FRANCE TO GIVE LEGION OF
HONOR FOR GIFTS OF ART**
PARIS, Jan. 16.—A local news-
paper says the French Govern-
ment will decorate J. Pierpont
Morgan with the Legion of Hon-
or in recognition of his art gifts
to the Louvre.

Bulletins of News

Hot from the wire up to 3:30 p. m.

THE WEATHER

Cloudy tonight and Wednes-
day; light west wind.

**Spanish Troops to
Fight in Morocco**
MADRID, Jan. 16.—The Asturias re-
giment of this city left for Algeiras
Sunday. The Cobandonga regiment fol-
lowed Monday. These troops are go-
ing to Morocco to assist in the cam-
paign against the tribesmen.

**Prussian Diet May
Compel Idle to Labor**
BERLIN, Jan. 16.—The Prussian
government has submitted to the diet
a bill which is desired to compel all
loafers and non-supporters of families
to go to work.

**Seven People
Asphyxiated by Coal Gas**
YORKTOWN, Sask., Jan. 16.—Mrs.
Duncan McNeil and six children,
ranging from six to fifteen years,
were asphyxiated by coal gas while
asleep.

**Mine Workers Made
Welcome by Gov. Marshall**
INDIANAPOLIS, Jan. 16.—The an-
nual convention of Mine Workers of
America was welcomed in an address
by Governor Marshall. The day was
devoted to reports from President
White, Vice President Haines and Sec-
retary Perry.

**Henry Labouchere
Passes Away in Italy**
FLORENCE, Italy, Jan. 16.—Henry
Labouchere, former editor of the Lon-
don Truth, a famous diplomat and a
member of the House of Commons for
sixteen years, is dead.

**Frisco Street Car
Telescope—1 Killed, 5 Hurt**
SAN FRANCISCO, Jan. 16.—Harold
Lundberg, a marine fireman, was killed
and five people were seriously in-
jured by the telescoping of street
cars in the Mission district. Jerome
Smith, aged nine, and Stella Smith,
aged twelve, are in a serious condi-
tion.

**Los Gatos Baptists
Favor "Open-Door" Church**
LOS GATOS, Jan. 16.—Local Bap-
tists have passed a resolution favoring
the making of baptism optional, thus
virtually opening the Baptist Church
to all classes. A state-wide discussion
of this matter is predicted.

**Ohio Supreme Court
Upholds Workmen's Law**
COLUMBUS, Jan. 16.—The constitu-
tionality of the Ohio workmen's
compensation act is upheld by the
State Supreme Court.

**Baptist Association
Opened Today at Redlands**
REDLANDS, Jan. 16.—The South-
ern California Baptist Association
opened its annual convention today.
It will close Friday.

**Napa Asylum
Directors Appointed**
SACRAMENTO, Jan. 16.—Govern-
nor Johnson has appointed J. W.
Clark of Santa Rosa and David Ruth-
erford of Oakland, as directors of
the Napa asylum, succeeding J. E.
Stevens and H. M. Meecham, resign-
ed.

**Wilson to Make
Short Campaign Tour**
TRENTON, N. J., Jan. 16.—Govern-
nor Wilson is preparing for a short
campaign tour through the West.
Detroit, Ann Arbor and Grand Rap-
ids are scheduled for his speeches.

**COUNTRY-WIDE WILL
BE PROBE OF BELL
'PHONE COMPANY**

CHICAGO, Jan. 16.—A country-
wide investigation of the affairs of
the Bell Telephone Company for in-
formation bearing on an alleged mo-
nopoly which the company is said to
control was reported yesterday with
the return to Chicago of Charles E.
Dewdney, division superintendent of
the Department of Justice.
The investigation, it is said, is be-
ing contemplated by an exhaustive
investigation in Chicago.

HUMPHREY SAID WILL CONSIDER TO BE IN THE RUNNING FRANCHISE MONDAY

Rumored That Taft Has Offer-
ed Him as Successor to
Judge Donworth

SEATTLE PROTESTS IN
CITIZENS' MASS MEETING

Calls on Washington's Solons
to Prevent Confirmation
If Necessary

SEATTLE, Jan. 16.—A Washington
dispatch says that President Taft has
submitted to Attorney General Wick-
ersham a nomination for a successor
to Federal Judge George Donworth,
and it is rumored that Congressman
Humphrey has been named. Attorney
General Wickersham has just returned
from Panama and it will be several
days before he can consider the ap-
pointment.

**SEATTLE PROTESTS AGAINST
NAMING OF HUMPHREY**

SEATTLE, Jan. 16.—A resolution
protesting against the proposed ap-
pointment of Congressman William E.
Humphrey of Seattle to the Federal
judgeship that will become vacant
February 1, when the resignation of
United States Judge George Donworth
of the District of Western Washing-
ton, takes effect, was adopted at a
mass meeting of citizens held here at
Dreanland Pavilion.

The resolution was addressed to
President Taft and contained a clause
requesting Senators Jones and Pin-
dexter to prevent the confirmation of
Mr. Humphrey, should President Taft
appoint him.

WANT HUMAN BEINGS FOR TEST OF SERUM

Rockefeller Institute Asks For
Pneumonia Patients to Ex-
periment With

NEW YORK, Jan. 16.—The Rocke-
feller Institute for Medical Research
announced yesterday a new serum
cure for pneumonia, giving out the
statement that no demonstrations of
the new discovery have been made
to the medical men of the city, for
the reason that the hospitals of New
York were reluctant about giving up
their patients to the Rockefeller in-
stitution for experiments. There-
fore the institute made application
tonight to the New York fire depart-
ment for all its pneumonia patients,
and the matter is under considera-
tion by Commissioner Johnson.

It is computed that there is in-
come enough from the endowment to
allow at least \$1000 to be spent in
the treatment of each case of pneu-
monia presented. One resident phy-
sician, three trained nurses and three
orderlies are to be assigned each pa-
tient.

"The anti-pneumonia serum has
been developed through experiments
on monkeys, an animal capable of
developing pneumonia similar in al-
most every way to the human form.
This curative serum is expected to
abort the disease in its incipency
and the discoverers have high hopes
of its success.

RESCUED AFTER 3 HOURS BURIAL IN HUGE AVALANCHE

SAN BERNARDINO, Jan. 16.—Percy
Haywood, James Adlor and George
Sumner are recovering from exposure
after being imprisoned three hours by
a huge avalanche on Mt. San Bernar-
dino, where they were working as
surveyors.
Harold Cummings, a companion,
taken to their rescue, Adlor was
unconscious when found, but is recover-
ing.

**JOHN RECH STARTS TO SAN
QUENTIN FOR LIFE STAY**

SANTA BARBARA, Jan. 16.—John
Rech, sentenced to life, for the murder
of his four-hour old babe, starting
for San Quentin accompanied by Sher-
iff Stewart, was unmoved when he said
farewell to his wife, who clung to his
neck weeping. His wife will be tried
for complicity in the murder.

(Concluded on Page Two)

U. S. OWNERSHIP OF TELEGRAPH LINES IS UP TO THE PEOPLE

Taft Ready to Adopt Policy if Approved-
Mackay Says Costly Plan Would
Build Political Machine

WASHINGTON, Jan. 16.—It is re-
ported authoritatively that Post Mas-
ter General Hitchcock's announce-
ment of a plan for the government
ownership of telegraphs is designed
to sound public sentiment without
committing President Taft. If the
public approves the policy, the Presi-
dent will urge action before his
term expires.

The project has been under investi-
gation for a year and the President
is said to be in direct accord with
Hitchcock. President Taft met with
his cabinet today and discussed the
plan.

Although refusing to be directly
quoted, Hitchcock has authorized the
United Press to make the follow-
ing statement as to government own-
ership of telegraph lines to be oper-
ated with the postal department to
cheapen and improve the service.
Hitchcock is opposed to government
ownership of telephones because of
local service. He opposes govern-
ment ownership of express lines, but
favors a parcels post with an in-
demnification to the express com-
panies for loss of business. He said
the telegraph and postal combina-
tion in other countries had proved
successful, and is confident of suc-
cess in America.

**POSTAL TELEGRAPH HEAD
DISCOURAGES PROJECT**

NEW YORK, Jan. 16.—Clarence H.
Mackay being asked in regard to the
proposition of Postmaster-General
Hitchcock that the government take
over all the telegraph lines said:

"This would lead to taking over the
telephone lines also. The British gov-
ernment found this to be so and two
weeks ago it took over the telephone
lines in England at an enormous ex-
pense."

"The telegraph and telephone lines
in this country are worth \$2,000,
000,000 to \$3,000,000,000. This would
include the independent telephones
owning nearly \$500,000,000 of property
and having some 450,000 stockholders.
I venture to say that they would be
operated by the government at great
annual loss, just as in Great Britain,
where the losses on the telegraph
alone up to date are figured at \$175,
000,000. Moreover, the government
would then be employing hundreds of
thousands of clerks, telephone girls,
telegraph operators, managers, etc. It
would be a colossal political machine.
I have reason for saying that taking
over the telegraph lines would mean
also taking over the telephone lines.
Are you aware of what is going on
at this very time? Western Union of-
fices are being closed by the Bell Tel-
ephone company and the telegraph ser-
vice incorporated with the telephone
service."

REVERE HOTEL IN RUINS AFTER FIRE

Famous Boston Hotel That
Once Entertained Prince of
Wales Goes Up in Flames

BOSTON, Jan. 16.—A search in the
ruins at 5 o'clock of the destroyed Re-
vere House, revealed no dead bodies.
It is now believed there were no
deaths. Fireman Klippenburger, who
fell four stories onto a picket fence,
is dying.

**FAMOUS HOTEL WAS TODAY
PRACTICALLY DESTROYED**

BOSTON, Jan. 16.—Fire early yes-
terday practically destroyed the Re-
vere house, in Bowdoin square, one
of Boston's most famous hotels. One
life is known to have been lost, and
at 3:30 o'clock this morning it was
found there might be bodies in the
ruins. Three hundred guests were
sleeping in the hotel when the flames
were discovered in the grotto, a din-
ing room on the ground floor.
Firemen, policemen and private
citizens rushed through the building
dragging the guests from their beds
and hurrying them to the street.
Few had time to dress.
The Revere house was built in
1847. In past years the hotel has
entertained many noble guests, the
most famous of whom was Prince
Albert of Wales, later King Edward
VII.

GRAVE GHOULS STEAL DECORATIONS OF TOMB

SAN FRANCISCO, Jan. 16.—It was
learned today that the tomb of J. F.
O'Brien, the bonanza king, has been
desecrated, the bronze railing and other
accessories worth thousands having
been stolen. The grave of J. P. Hale,
merchant prince, was raided and a
brass cage leading to the tomb stolen.
Albert Sweet was arrested and charged
with larceny. The police suspect an
organization of ghouls.

MILITIA READY TO COW STRIKING MILLHANDS

LAWRENCE, Mass., Jan. 16.—Eight
companies of militia are here ready to
quell further outbreaks of the striking
millhands. The mill owners claim that
20,000 have returned to work, but this
the strikers deny.

NO DECISION TO BE MADE TILL TUESDAY

School Board and Advisory
Committee Will Not Meet
This Week

JOHN BRUNS HAS
FATHERED OFFER

Question of Sewers Has Enter-
ed Largely Into Recent
Discussions

The decision as to the location of
the polytechnic high school will not
be made before Tuesday evening of
next week. It was thought yester-
day that a special meeting of the
school board would be called for to-
night, but it was found that some of
the board and some of the advisory
committee were not ready to ballot
on the site, and it was also found
that J. M. Cain of the school board
would be away on a business trip un-
til Monday of next week.

So far nothing definite has been of-
fered the school board in regard to
the North Main street location, south
of Buffalo avenue.

Today John Bruns and others
made an offer of fourteen acres at
the southwest corner of Broadway
and Santa Clara for \$26,000. Bruns
says the property can be sewered.

The question of sewers seems to
have been talked quite a bit the last
day or two. The fact that the whole
of the Stafford tract on East Chest-
nut cannot be sewered has been
seized upon by the friends of other
tracts. It appears that both the
Gist tract and the Townsend tract,
which seem to be abreast as favor-
ites, can be sewered, basement and all.

There was some talk to the effect
that G. W. Ford might offer his land
at the northwest corner of West
Washington avenue and Ross street,
but it appears now that such talk
was without sanction from Ford,
who says he is not going to make
any offer.

JUSTICE HARLAN'S FORTUNE SMALL—NO WILL BY JURIST

WASHINGTON, Jan. 16.—An estate
of \$12,456, comprising life insurance,
personal property and salary due from
the Government, was left by Associate
Justice John Marshall Harlan of the
Supreme Court of the United States.
He left no will, and his son, James S.
Harlan of the Interstate Commerce
Commission was appointed yesterday
by Justice Wright of the District Su-
preme Court as administrator of the
estate.

The estate comprises \$7200 life in-
surance, personal property worth
\$5700 and salary due from the Govern-
ment of \$486.1.

IRONMASTER GIVES \$2,000,000 TO POOR

Richard T. Crane's Will Pro-
vides Pension For Employees
—Fund For Children

CHICAGO, Jan. 16.—More than \$2,-
000,000 of the estate of the late Rich-
ard T. Crane, ironmaster, was be-
queathed by him to charity by the
terms of his will, filed yesterday in
the Cook County Probate Court, dis-
posing of an estate of \$10,000,000. The
largest bequest provides \$1,000,000 as
a pension and disability fund for the
benefit of the employees of the Crane
Company, and \$1,000,000 for homes in
the country near Chicago for helpless
children and their mothers.

The widow is to receive \$15,000 a
year, and also the city home and the
Lake Geneva country home for life.
The will recites that Mrs. Crane's
daughters and his son, Herbert P.
Crane, have been provided for in gifts
before the death of Mr. Crane. Charles
R. and Richard T. Crane are made the
residuary legatees of the estate.

HARRIMAN AND IRVINE CHEERED BY LABORITES

FRESNO, Jan. 16.—The State Build-
ing Trades convention today cheered
Job Harriman and Alexander Irvine,
members of the Socialists National
Committee, exhibiting strong socialis-
tic tendencies. Harriman made a
speech demanding the dismissal of all
laborite leaders standing between
political solidarity at the polls, evi-
dently referring to the non-Socialists.
President E. L. Reguin of the strik-
ing shopmen of the Harriman lines is
seeking financial aid for the strike.

ATHLETES WILL MAKE FINE SHOWING

Prospects for Winning Track
and Baseball Events Are
Encouraging

DONAHUE VISITS TRAINING FIELD

A Number of Meets Have Been
Scheduled For the
Santa Anas

Yesterday the High School athletes were out in full force at Lincoln Park getting ready for the coming track meets and baseball games. The prospects in both lines are great. The park was full of fellows anxious to make good in one or the other branch, or both.

Mr. Donahue of Spaldings, one of the American athletes at London in 1908, and a candidate for Uncle Sam's team to Stockholm next summer, was out with the boys giving them some of his inside information. Mr. Donahue is popular with the boys wherever he goes, and is one of the greatest all-round athletes of the world today.

Manager Schenck has the track schedule about completed. The class meet comes off at Lincoln Park one week from today. On Feb. 3 a triangular meet will be held at Anaheim with Anaheim and Whittier High. There is a meet scheduled with Long Beach, one with Huntington Beach, two with San Diego, and last, the Orange county meet will be held at Lincoln Park. A trophy for the winning school will be awarded at this meet and medals or ribbons for individual winners. County Superintendent of Schools Mitchell has promised to preside at this part of the ceremonies and present the honors. It seems probable that if the sprinters make good a relay team of eight men may be sent to the "Big" A.A.U. meet at Los Angeles on the 22nd. Candidates in any other branches showing especially strong

SCENE FROM "PAID IN FULL" AT THE GRAND OPERA HOUSE TOMORROW (WEDNESDAY) EVENING

Coming Wednesday

Eugene Walter's famous play of
American life, "Paid in Full," comes
to the Grand Opera House, Wednes-
day, Jan. 17.

The cast Wagenhals and Kemper
offer for this engagement is the same
seen for the past three seasons in
the leading theaters of the east and

south. Leslie Bassett is conceded by
many critics as the best Joe Brooks
the stage has ever seen. Frank C.
Burton, while not the first to play
Capt. Williams, soon succeeded
Frank Sheridan, who originated the
part; his Capt. Williams is doubtless
one of the best performances of this
character this play has seen.

Miss Edna Brothers, as Emma
Brooks, has met with favor every-

where. Miss May Estelle, the well
known actress, is still seen in the
part of Mrs. Harris, as is Miss Con-
stance Pullman, as Beth Harris. Mr.
George Bancroft as James Smith,
and Mr. David Manning as the Jap,
make up a cast that will compare
favorably with any ever seen in this
great success. The original complete
New York Astor Theater production
is used.

MISS SCOTT FLEW IN MARTIN'S BIPLANE

Somebody Said She Could Not
Fly, So She Took to the
Air at Once

will also receive consideration for
this meet.

Baseball looks stronger than track.
All but two of last year's cham-
pion team are again in the game, and
one of the two—Bill Vawter—will be
eligible for all but strictly high
school games.

Four pitchers—Barker, Warren,
McPhee and Carver—are on the job
while Capt. Pease and McGaffey, a
freshman, are "there with the big
mit." New candidates are out for
every position. Manager "Little
Spud" has the diamond in fine con-
dition, a new batting cage has been
put up, so it looks to be a case of
"go to it" and win another cham-
pionship.

The boys' basketball game has
been called off as the boys wanted
to get to track and baseball. The
girls' game for next Saturday with
Orange on the local court should be
the championship game. Orange has
not been defeated this year. The
Santa Ana girls have lost but one
game, that to Orange, but have
beaten Huntington Beach by a larger
score than the near neighbors. Here
is a chance to see the real cham-
pions play.

SCHUMANN-HEINK SEEKS DIVORCE FOR SAKE OF CHILDREN

ST. LOUIS, Jan. 16.—Mme. Schu-
mann-Heink (Mrs. William Rapp) has
declared a divorce petition will
be filed shortly. She declared there
was absolutely no scandal in con-
nection with the suit, but that it had
become a question of her children or her
husband, who is twelve years her
junior, and she decided in favor of the
children.

ARE YOU FREE —FROM—

Headaches, Colds, Indigestion,
Pains, Constipation, Sour Stomach,
Dizziness? If you are not, the most
effective, prompt and pleasant
method of getting rid of them is to
take, now and then, a desertspoonful
of the ever refreshing and truly
beneficial laxative remedy—Syrup
of Figs and Elixir of Senna. It is
well known throughout the world
as the best of family laxative reme-
dies, because it acts so gently and
strengthens naturally without irri-
tating the system in any way.

To get its beneficial effects it is
always necessary to buy the genu-
ine, manufactured by the California
Fig Syrup Co., bearing the name
of the Company, plainly printed on
the front of every package.

WILL CONSIDER FRANCHISE MONDAY

(Continued from page one)

to install the striker for \$235, f. o. b.
Milwaukee. The Gamewell Co. bid
\$265 delivered and guaranteed. This
company bid \$35 per box for five
new fire-alarm boxes. Alderman
moved that the Gamewell company
be offered \$422 for the apparatus
and fire alarm boxes. The motion
carried.

The original bid of the Gamewell
Co. for a part of the apparatus was
\$295. The representative stated
that there was a mistake, that it
was thought fifty boxes were to be
provided for in the apparatus when
there are but twenty-six. Each
wheel costs \$2. By reason of the
mistake the representative offered
to reduce to \$265. Alderman said
that if the wheels came at \$2 each,
the reduction should be \$48. On Al-
derman's motion and McPhee's sec-
ond the city made the offer with \$48
reduction, and the representative
took it.

Grubb said the petition for gravel
and oil paving of Seventeenth from
Main to C had all been signed up.
Grubb recommended that the peti-
tion be granted and the work done
at the convenience of the street de-
partment.

Grubb asked permission to have
Palm avenue graded by the street
department. Granted.

Contract Made
Manager Deimling of the Edison
company stated that the juice for
the courthouse cluster lights will
cost \$12.20 for six lamps to the post,
and \$7.50 for five lights, the latter
to be turned off at 12 o'clock and
the former to burn all night.

On Grubb's motion it was con-
cluded to accept a two-year con-
tract for five lights per post to be
turned off at 12 o'clock, at \$7.50 per
light for the lot.

leaf and McPhee, and he thought
the difference had been threshed
out and the company representatives
will be on hand next Monday night
to take up the franchise.

McPhee said he and Greenleaf find
that there are twenty-four rooming
houses in the city and they recom-
mended that all such with over ten
rooms be required to pay a license
of \$8 per month. He recommended
that an ordinance be passed requir-
ing all rooming houses to keep a
register, and make it a penalty to
fail to make roomers register. The
report was accepted and ordered.

McPhee said some of the business
houses litter up or block the side-
walk too freely. Smiley & Smith, he
said, is an offender in that respect,
and cement is carried onto the floors
of nearby places by those who walk
along the sidewalk.

The city attorney said the present
ordinance does not definitely men-
tion cement, but he could draw up a
provision and amend the ordinance.
Grubb said the firm had been noti-
fied a number of times, and had not
ceased messing up the sidewalk. On
Grubb's motion, the city marshal
was instructed to give notice that
procedure would be taken to prose-
cute for maintaining a nuisance.

Grubb further said he wanted to
see the marshal enforce the law pro-
hibiting the obstruction of sidewalks
by furniture, stoves and other ar-
ticles set out by a few of the mer-
chants.

Tree Is Saved

McPhee and Ey reported that one
of the pepper trees in the Central
school grounds had been saved from
cutting. The sidewalk will be laid
by Ransom Reid in a few days.

Water Works Superintendent Reid
said Engineer Carter had resigned
as night engineer at the water works
after over thirteen years' service. He
will leave Feb. 1. Reid will recom-
mend a successor.

Reid said that an auxiliary pump
is needed at the water works for use
in the hot summer days for pump-
ing water into the mains. The city
is growing so rapidly that the ad-
dition is imperative. By 1913 Los
Angeles will be selling some of its
discarded water pumps, and Santa
Ana can get some good pumps.

Reid, Alderman, Grubb and Engi-
neer Finley were appointed a com-
mittee to look the matter up.

Rubber boots for two firemen were
ordered.

Greenleaf recommended that the
request of Mrs. Neill for the removal
of a guy wire on Spurgeon street
near Fourth be denied. The report
was adopted.

The city attorney was granted a
leave of absence of ten days com-
mencing Jan. 23.

Adjourned to Jan. 22.

NO REASON FOR DOUBT A Statement of Facts Backed By a Strong Guarantee

We guarantee complete relief to all
sufferers from constipation, or, in
every case where we fail, we will supply
the medicine free.

Reall Orderlies are a gentle effec-
tive, dependable, and safe bowel regu-
lator, strengthener, and tonic. They
aim to re-establish nature's functions
in a quiet, easy way. They do not cause
inconvenience, griping, or nausea.
They are so pleasant to take and
work so easily that they may be taken
by any one at any time. They thor-
oughly tone up the whole system to
healthy activity.

Reall Orderlies are unsurpassable
and ideal for the use of children, old
folks, and delicate persons. We cannot
too highly recommend them to all suf-
ferers from any form of constipation
and its attendant evils. Three sizes,
10c, 25c, and 50c. Remember, you can
obtain Reall Remedies in this com-
munity only at our store—The Reall
Store, Wheeler & Mateer Drug Store,
194 West Fourth street.

Life is too short to waste time and
strength washing clothes over a
smoky bonfire in the back yard. Try
us on rough dry work and see how
reasonable is our price. The Peoples
New Laundry, 901 East Fifth St. Both

BEGIN TO SAVE 5c EACH DAY

There are thousands of young men and women in Southern California who could easily save 5 cents a day if it was really worth while for them to do so. From the feeling of great satisfaction enjoyed by more than 2300 persons holding Commonwealth Home Builders stock, who have participated in our profits, we know they also can share in this enjoyment. You can buy 100 shares of Commonwealth Home Builders stock at 50 cents per share—\$50. Pay all cash, or \$3 cash, and \$1.50 each month. Every dollar that you save each month toward the payment of your stock will participate in the quarterly dividends. A dividend of 3 per cent on the par value of stock has just recently been paid. Many Santa Ana people participated in this dividend. If you buy 100 shares today you can share in the dividend to be declared next month. Stock will gradually increase in value and in a few years will be worth considerable more than what you can now buy it for. It will soon increase in price, so do not delay, as no further notice of advance in price will be made.

You should read our valuable book on Co-Operation, which we mail you free for the asking. Drop a card to our agent and he will mail it at once.

Chas. H. Leonard Jr. Gen. Agt. Commonwealth Home Builders

HOLD RAILWAY MAIL CLERK EXAMINATION

The United States Civil Service
Commission announces an examina-
tion on February 7, 1912, at all places
at which city delivery service has
been established in the states of
California, Nevada, North Dakota,
Oregon, and Wyoming, to secure eli-
gible men for which to make certifi-
cation to fill vacancies as they may oc-
cur in the position of clerk in the
Railway Mail Service, in the states
mentioned, at entrance salaries of
\$800 per annum, unless it is found
to be in the interest of the service
to fill such vacancies by reinstatement,
transfer or promotion.

Only men who are bona fide resi-
dents of the states mentioned above
will be admitted to this examination.

The examination will consist of
the subjects mentioned below,
weighted as indicated:

1. Spelling (twenty words of average difficulty in common use); weight, 15.
2. Arithmetic (addition, subtraction, multiplication and division of whole numbers, and common and decimal fractions); weight, 20.
3. Letter writing (a letter of not less than 125 words on some subject of general interest. Competitors may select either of two subjects given); weight, 20.
4. Penmanship (the handwriting of the competitor in the subject of copying from plain copy will be considered with special reference to the elements of legibility, rapidity, neatness, general appearance, etc.); weight, 20.
5. Copying from plain copy (an exact copy of a few printed lines in the competitor's handwriting); weight, 15.
6. Geography of the United States (questions relating to the boundaries of states, and to capitals, largest cities, rivers and other bodies of water, and location by states of prominent cities, etc.); weight, 10.

The subject of reading addresses and railway transportation have been eliminated from this examination.

Applicants must have reached their eighteenth birthday on the date of the examination.

The minimum height requirements of applicants has been reduced from 5 feet 6 inches to 5 feet 5 inches, exclusive of boots or shoes; and the minimum weight requirement has been lowered from 135 to 130 pounds in ordinary clothing, without overcoat or hat.

This examination is open to all citizens of the United States who comply with the requirements.

This announcement contains all information which is communicated to applicants regarding the scope of the examination, the vacancy or vacancies to be filled, and the qualifications required.

Applicants should at once apply for application form 304, either to the United States Civil Service Commission, Washington, D. C., or to the secretary of the board of examiners, postoffice, St. Paul, Minn., Seattle, Wash., or San Francisco, Cal. No application will be accepted unless properly executed, including the medical certificate, and filed with the commission at Washington. In applying for this examination the exact title as given at the head of this announcement should be used in the application.

As examination papers are shipped direct from the commission to the places of examination, it is necessary that applications be received in ample time to arrange for the examination desired at the place indicated by the applicant. The commission will therefore arrange to examine any applicant whose application is received in time to permit the shipment of necessary papers.

USE ALLEN'S FOOT-EASE.
The antiseptic powder to be shaken into the shoes. If you want rest and comfort for tired, tender, aching swollen, sweating feet, use Allen's Foot-Ease. HELD MEETING TO DISSOLVE COMPANY

OLINDA, Jan. 16.—Directors and officers of the old Fullerton Consolidated Oil Company visited the field one day last week for the purpose of holding a final meeting and dissolving the organization. The Fullerton Consolidated was taken over by the Industrial Oil Company some time ago.

The Pacific Refining Company, operating in Brea Canyon, has received two gasoline engines which will be added to its equipment at the plant, the capacity of which is to be increased at once. The company has been successful in the tapping of oil and recovery of by-products, and is rapidly increasing its work.

BIG INCREASE DURING 1911

Anaheim Makes Excellent
Showing in Comparison
With Her Sister Cities

ANAHEIM, Jan. 16.—In point of percentage of increase in building operations in 1911 as compared with the year 1910, the city of Anaheim is distinguished in being second in a list of twenty-one of the principal cities of Southern California.

It is led by Ventura alone. Anaheim's gain was 102 per cent. That of Whittier, next in the column, was 80 per cent. Fourth on the list is Ontario, with a gain of 64 per cent.

From there they drop away to 50 per cent for Long Beach and 42 for San Diego. Riverside, with 1 per cent, is the lowest in the column.

The above report was secured from official records. Down the line among all the southern cities, Anaheim is the smallest in area, its corporation lines including territory but a mile square. Just over the city limit line stands the Anaheim sugar factory, which was finished in 1911, and represents an expenditure of much more than Anaheim gets credit for through the building permit department. The sugar factory building investment of better than \$500,000 alone would have put Anaheim well toward the top of the column had it been figured as a part of the

YOU CAN BE WELL

Bounding health is your right—and you can have it—if you go about building up your system in a common-sense way. When one organ is run down, the whole system is thrown out of harmony, and chronic disorders, such as constipation, liver, kidney and stomach troubles, catarrhs, rheumatism, female complaints, nervous weakness and general debility—quickly manifest themselves.

BRACKETT'S SYSTEM BUILDER

goes to the source of bodily weakness—the blood. It purifies it and sends vitalizing nourishment to every organ of the body. It makes your liver and kidneys work as nature intended—increases your capacity for mental and physical labor—and restores every organ of your body to natural—normal condition.

actual city building investment.

The coming year promises to be even a greater building year for the Mother Colony city than any in the history of the city. Among some of the buildings that are being planned at present are: A two-story brick building to be erected on West Center street, near the Old Commercial Hotel, a landmark in the hotel history of the south. This new business block is to be one of the largest in the city and will later extend over the site on which stands the old landmark hotel.

The Concordia Society will erect a modern clubhouse on South Los Angeles street, within a block from the heart of the city. Fritz Ruman, a pioneer resident here, and a retired capitalist, is having ground broken for a garage on North Los Angeles street. This garage building will be the best in the county and will be occupied by G. T. Ingram, who will remove from Garden Grove to this city. Joseph Backs, another pioneer of Anaheim, will erect a business block on North Los Angeles street. Several handsome residences are being planned to be erected on South Los Angeles street.

Orange Outlook
The outlook in the orange market between now and July 1, in the opinion of well-posted orange men, is not good. The fact that a lot of frozen fruit was thrown on the market for what they will bring, will lower the price of the produce. These frozen oranges were shipped from the great havel country about Yuma, Riverside, Redlands, San Bernardino and other upper country territory. In which section is produced 80 per cent of the navel of the state.

In the last ten days circulars have been going the rounds in the East offering this fruit at from 60 to 75 cents, admission being made that it is partly frozen.

WESTMINSTER NEWS REPORT

WESTMINSTER, Jan. 16.—Last week E. F. Hare received a visit from his brother J. B. Hare, of Deer Lodge, Montana, whom he had not seen for sixteen years. He left for home on Monday, going by way of San Francisco and Portland. He was very much pleased with his visit in California.

The Westminster public library directors met Monday evening and elected officers for the ensuing year as follows: President, John F. Patterson; secretary, George C. Abbott; treasurer, John Clark.

The box social given for the benefit of the Russell family was a decided success. A good program was rendered and a good time was enjoyed. About \$60 was realized.

The funeral of Mrs. M. W. McCoy on Thursday, from the Presbyterian church, was largely attended. The sermon was preached by the pastor, Rev. Wardell. Mrs. McCoy had lived in Westminster 28 years.

The Woman's Home Missionary Society will meet at the Waters home on Thursday, and the W.C.T.U. at the home of E. C. Phelps.

Mr. and Mrs. S. Chesbro and Rev. Leon Moore were early passengers on the electric for Los Angeles on Monday.

Mr. and Mrs. Watson and John Clark attended the installation at Sycamore Lodge, Santa Ana, on Saturday evening.

Two candidates were initiated into the Rebekah Lodge on Tuesday evening.

Miss Ethel Waters is visiting her sister, Mrs. J. T. Wilson, in Santa Ana this week.

J. C. STUBBS LEAVES UNIVERSITY OF NEVADA FOREVER

RENO, Nev., Jan. 16.—It has been definitely settled that President J. C. Stubbs, of the University of Nevada, will be granted his year's leave of absence, with salary and expenses, beginning February 11. It means that upon this date his active management of the school will end absolutely and forever.

Stubbs' departure for the East Friday night, it is well understood, is to secure money that was signed for some time ago. It is no secret that since the endorsement and influence of the Southern Pacific railway was withdrawn his popularity began to wane. The discord that has been within the board of regents for the past three years culminated in the recent retirement of Stubbs.

ALL STOMACH MISERY ENDS

Indigestion, Gas, Heartburn or
Dyspepsia Go in Five
Minutes

If you had some Diapepsin handy and would take a little now your stomach distress or indigestion would vanish in five minutes and you would feel fine.

This harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach before you realize it.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your Pharmacist for a 50-cent case of Pape's Diapepsin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitated Headaches, Dizziness or intestinal griping. This will all go, and, besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there. Relief in five minutes from all stomach misery is at any drug store waiting for you.

These large 50-cent cases of Pape's Diapepsin contain more than sufficient to thoroughly cure almost any case of Dyspepsia, Indigestion or any other stomach disturbance.

STATE UNIVERSITY ARRANGES A MEET FOR HIGH SCHOOLS

BERKELEY, Cal., Jan. 16.—High schools throughout the state, and a number in Oregon and Washington, have accepted the invitation of the University of California to compete in the Second Pacific Coast Interscholastic Meet to be held on the campus April 23 and 27. The meet, to which the Santa Ana High School, among others, in this vicinity has been invited, will undoubtedly be the most important event on the coast in the realm of high school track athletics. This meet is an annual event.

Special preparations have been made by the big "C" Society of the University for the entertainment and housing of all the visiting athletes during their entire stay at Berkeley. The fraternities and house clubs have offered their houses for this purpose.

The evening preceding the meet the University Glee Club will give its annual big show in the Harmon Gymnasium. The visiting athletes will be invited to attend. The monster interscholastic circus will be held Saturday night at California field. This will be the largest affair of its kind ever attempted on the Pacific Coast. At this circus the visiting men and teams will be awarded their medals and cups. The new University swimming pool will be open to the use of the athletes at all times while they are on the campus.

Teams will be limited to twelve men, including the relay team. The meet will be a two-day affair, the heats taking place Friday, April 26, and the final events on Saturday. All of the usual track events will be on the program, with the exception of the two-mile run.

Medals will be awarded to all taking places. In addition, several handsome cups will be awarded, a perpetual challenge cup for the winning team, a perpetual challenge cup for the winning relay team, an individual cup to be kept by the highest individual point winner, and a challenge record cup for the record holder in each event. The medals given at this meet are the most handsome and expensive on the coast. They are made by Shreeve & Company in San Francisco.

REDLANDS DOCTOR MAKES DISCOVERY

Has Apparently Perfected Drug
to Produce Instantaneous
Anesthesia

Los Angeles Times: With the denial of the possibility of an instantaneous quinine anesthesia from Dr. John Weyth, president of the Polytechnic Hospital of New York, and an expert of international reputation on anesthetics, Southern California physicians are rushing to the defense of Dr. W. Carlton Smith of Redlands, who after years of effort, has apparently perfected such a drug, and has been testing it for more than a year.

He arrived here yesterday and refused to give a statement regarding the morning dispatches from New York, which declared his discovery impossible.

"Until I arrive in New York and give my clinic there to prove that the quinine anesthetic which is to do away with cocaine and morphine in all minor surgical operations and in dental work particularly, is of the character that has been announced by my friends, and not through myself, Dr. Weyth and his associates will have to wait," he said.

The announcement of the discovery has brought Dr. Smith several hundred telegrams asking for full particulars, and he has accepted the invitation of the University of California to give a demonstration before the dental and medical students in the university building in San Francisco tomorrow. He will leave this evening for that city and will then proceed to New York.

JANUARY CLEARANCE Suits, Coats and Furs at 30% Discount

More than two months of winter remain in which to get good service out of a new suit, coat, or fur. Besides, think of the money you can save during this Clean-Up of our Fall and Winter stocks. You will have no better chance than right now.

Fall and Winter Models in Tailored Suits 30 Per Cent Off

This is not junk or ancient garments we are trying to work off, but our regular, new, Fall models. Of course the lines are broken, or we would not be offering this stock at 30 per cent discount. There are some mighty pretty garments, however, in blues, browns, grays, black, and mixtures, in all sizes. We may have just your size; if we have, you get a bargain; it might pay you to come in and investigate.

These Are the Prices We Are Making Now:

\$15.00 Suits, now \$10.50	\$25.00 Suits, now \$17.50
\$17.50 Suits, now \$12.25	\$27.50 Suits, now \$19.25
\$22.50 Suits, now \$15.75	\$30.00 Suits, now \$21.00

All Coats for Ladies,'Misses' and Children at 30 Per Cent Off

A good, heavy, woolen coat will come in mighty well during the rainy season that is coming. We have some heavy Scotch mixtures in storm coats with the "turn up or lay down" collar for all kinds of weather. These go along with all our other coats at 30 per cent off our regular prices. We have a big line of black, broadcloth dress coats also on special sale. These come in all sizes up to 49 inch bust measure.

Note These Big Reductions on Tailored Coats:

\$10.00 Coats, now \$ 7.00	\$17.50 Coats, now \$12.25
\$12.00 Coats, now \$ 8.40	\$25.00 Coats, now \$17.50
\$15.00 Coats, now \$10.50	\$27.50 Coats, now \$19.25

Surprising Offering of Winter Furs!

All Furs at 30 Per Cent Off and Winter Has Just Begun

This is an opportunity you should not overlook. Think of getting a new Winter fur at 30 per cent off, when Winter has just begun! And furs do not go out of style. The fur you buy now, will be good for several seasons, the shapes change so slowly. The reason for this big reduction is, that we had no cold weather before Christmas, and they did not sell. We would rather put our furs in your hands at a big discount than keep them over till next year. Come in and let us show you what you can save on a fur.

Rankin Dry Goods Co.

107 WEST FOURTH 410 NORTH MAIN

VETERAN OF CIVIL WAR LAID TO REST

The funeral of Col. O. H. Coulter held yesterday afternoon was largely attended, showing the great esteem in which the man was held by his comrades and friends. Floral offerings were beautiful and extensive. Special pieces were given by the G. A. R., W. R. C., D. of V., Rebekahs, Methodist Sunday School and Masons.

The funeral took place from the family residence on Van Ness avenue. The services at the home were in charge of the G. A. R., Commander Talcott conducting the ritualistic service. The quartet of the First Methodist sang, and as the body was carried from the house Rev. Corey of Orange, who was in charge of the services, sang most touchingly "The Soldier's Farewell."

At the grave the Masons held their services, conducted by the worshipful master, Arthur Pease.

The pall-bearers were G. J. Mosbaugh and A. B. Paul, representing the G. A. R., T. N. Trickey and G. H. Andrew, representing the Masons, C. W. Sheats, representing the Odd Fellows, and E. J. Eaton representing the Modern Woodmen of America.

A number of Grand Army men from all over Southern California were present among them E. H. Shepherd of Pasadena, commander of the Southern California Veterans' Association, and E. J. Wilson of Los Angeles, past commander.

STOPS ITCHING SCALP OVERNIGHT

Guaranteed By Rowley Drug
Co. to Stop Falling Hair
and Banish Dandruff

Itching Scalp, keeps you scratching and feeling miserable all the time. Wash your hair tonight with pure soap and water, rub on a goodly quantity of PARISIAN SAGE and the distressing itchiness will be gone in the morning.

PARISIAN SAGE is a pure, refreshing and invigorating hair dressing. Besides putting an end to scalp itch, dandruff and falling hair it nourishes the hair roots and puts a splendid radiance into faded and unattractive hair.

It should be used by every member of the family to keep the scalp free from dandruff germs and prevent baldness. Large bottle 50 cents at The Rowley Drug Company and druggists everywhere.

AMUSEMENTS

"Billy" Has a Black Eye

In a local way, the coming minstrel show at the Temple Theater, next Monday and Tuesday nights, Jan. 22nd and 23rd, will be the biggest event of the season. All of the burnt cork artists are so well known that when they say, "We will show them," the public knows that it is going to be something great. The program will run over two hours, one show each night, beginning at 8 o'clock sharp. With the big minstrel part will be shown two full reels of the latest comedy of mingling pictures. Prices, 15c and 25c. Reserved seats, 35c, to be had from any of the boys, and on sale at Shafer's Music Store.

DISTRIBUTIONS ARE CLOSE TO MILLION

The voluntary pension distributions of the Southern Pacific Company will reach the million dollar mark before the first day of April, this year. Since the inauguration of the pension department in January, 1905, \$948,538 has been voluntarily disbursed among the retired employees of that corporation. The total disbursements for December, 1911, were \$17,933. This was divided among 467 former employees who have been retired for age, disability and total disability. The total pension disbursements for the year 1911 were \$184,704.95.

Since the organization of the pension department the Southern Pacific company has pensioned 692 of its former employees. The number on the pension roll at the close of 1911 was 467. These employees are from the operating department, train service, motive power department, including engine men, maintenance of way department, stores department, traffic department, accounting department, general offices, ferry and river steamers and Atlantic steamship lines. The Southern Pacific pension system does not require any contributions from the employees during the time they are in service, nor at any time. Length of continuous service is the only requirement. All payments are made from the general funds of the railroad.

A unique idea of the beneficiaries of the pension bureau—the annual reunion—has met with unanimous favor. The first affair of this character was held in 1910. This year it has been decided to hold the reunion on May 19, the forty-third anniversary of the laying of the last spike connecting the Central and Union Pacific railroads. At these affairs these railroads are rebuilt in reminiscence and the old timers who have not met for years recount their experiences of the line the first railroad to the west was constructed.

SOUTHERN PACIFIC CUTS TIME FROM PORTLAND

Commencing January 15th Shasta Limited No. 11 from Portland due to reach Port Costa at 7:30 p. m. Orel from San Francisco at 6:20 p. m. due Port Costa 7:35 a. m. making fine connection with Shasta Limited enabling passengers to come directly through instead of remaining overnight at San Francisco. This makes time from Portland to Los Angeles only 38 hours 15 minutes.

POLY HIGH LOCATION

We believe the decision of the Board of Education that the Poly-High should be located west of the railroad tracks is a wise one. And we believe it would be wise to further decide that it should be located north of Fourth street, if possible.

This city will never grow south of McFadden street to any considerable extent until it has grown solidly into Orange on the north.

That is one strong reason for locating the Poly-High in the northern part of the city.

Another reason for doing so is that the elevation and character of soil and general environment in the northern section are better than in the southern.

Still another consideration of importance is that on North Main street, for instance, a hundred times as many visitors and passers-by would see the buildings as would see them in any of the other proposed locations.

It may be argued that the Poly-High is not to be built to look at, which is true, in a sense. But the fact remains that one of the greatest handicaps under which this city labors is the lack of beautiful things to look at—things attractive and inspiring.

The Register hopes that the Board of Education will not be in too great a hurry to decide upon the location, and that citizens will give the matter careful consideration and present their views.

PRISON REFORM

It is gratifying and encouraging to find such an excellent paper as the Oxnard Courier advocating prison reform along the same lines as those so often and urgently recommended by the Register. We quote, with hearty approval, all the Courier says, as follows:

"Many states of the Union have adopted reform systems among their penitentiaries. Convicts are placed upon their personal honor as never before. They are taken out upon such improvements as the building of beautiful boulevards and other thoroughfares. They are kept away from the prison walls for weeks at a time, living almost unguarded in big commodious camps, performing a service for the commonwealth and living normal lives. Convicts thus treated seldom attempt to escape. Their opportunities are many, but the personal honor features holds them together and develops real manhood. It is stated that recently a band of convicts in one of these camps was started after some outlaws. They were outfitted with horses, guns and all of the necessities for a campaign of warfare. They were gone for some time and had every opportunity to escape, but instead made good on their mission and captured the outlaws, returning to the convict camp to resume their labors.

"Many instances are told of prison fires, where convicts had every opportunity to escape but did not avail themselves of the chance, voluntarily returning to the prison walls.

These instances indicate that convicts will act honorably in most instances where it is shown that confidence is placed in them. Close confinement within prison walls will not reform them. There must be something to develop the best that is in them, particularly among the newer convicts and first offenders, many of whom find themselves in prison because of no great natural inclination to commit crime but as a result of bitter combinations of material circumstances. Bread and water diet and prison stench will not make them better or safer men, nor will it reform their natures. The same men placed on their honor among fellow convicts, upon public work, may make good. Convicts are the bosses and feel their responsibility; convicts do the work and are brought to feel a pride in what they accomplish, unhampered by restrictive walls and the ever present physical evidence of force that will be employed against them if they make a false step or pass a forbidden chalk-line. And above all, they are out in the open, in the fresh air, among the things that nature has provided for man's enjoyment and inspiration. They become better and useful men and grow to have kinder thoughts toward the law that can be broad enough to recognize that even convicts have honor and appreciate the old saying that no man is so bad who has not some spark of good in him."

FLIES AND DUST

The healthful city of St. Paul passed an ordinance providing that all

FEW REALIZE HOW GREAT IS THE GREAT HIGHWAY PROJECT

It is a question whether or not that portion of the public which is most immediately benefited by a great project realize its scope as well as do the rest of the people, whose interests are not affected to such a degree, and who can therefore see the plan in its entirety without prejudice. Probably the Christian pilgrims, captives of the Saracens in the early middle ages, thought that the Crusades were organized for the express purpose of liberating them from bondage, just as the poor prisoners of the Bastille doubtless felt towards the French Revolution.

It will be found on going a little deeper into history that among those who fought most bravely among the steel-clad knights on the battlefields of Jerusalem, or led the van of the French commoners through the devastated gardens of the nobles, were these same prisoners. No matter whether the man whose prospects are peculiarly brightened by a great movement understands its full meaning or not, he will naturally be found in the forefront of its workers.

A case in point, which has shown the truth of this statement, has come to the attention of the Pacific Highway Association in the activity of Hazelton, B. C., business men and miners, in urging the extension of Pacific Highway to a northern point well on the way to Dawson, Hazelton, it will be remembered, is the little mining town only forty miles from the Alaskan border, to which P. E. Sands, a Seattle automobile dealer, recently drove a twenty-horse power car over terrific roads, thereby winning a gold medal offered by the Pacific Highway Association for the first car over this route.

Searchers, a short time ago, found in the country north of Hazelton enormous beds of high grade coal. Several companies immediately began to develop the ground. Citizens of Hazelton began also to clamor for a government road to the beds, fearing that if none were built, the traffic of the mines would be diverted to another town. Prominent Hazeltonians are now busy with both provincial and dominion governments, arguing that the city has a right to such a road because immense sums have already been paid there for coal licenses. It seems probable that in the near future a first-class road will be built to Ground-Hog, scene of the strike, and a good trail continued to Cabin Nine, on the telegraph route to Dawson.

Perhaps without realizing it, these energetic men are accomplishing quite as much good by developing the northern end of Pacific Highway. This phase may not appeal to them so much as it will to their children in days to come.

Interesting Study of Industrial Conditions

FROM THE FRESNO REPUBLICAN

In an address on immigration at Los Angeles Friday, E. O. McCormick of the Southern Pacific presented some interesting statistics of the present actual demand of the various counties in California for men. Of course there is an unlimited demand everywhere for men who have money to buy land. We have the land for sale, and will sell it to as many people as will pay for it. But that is a demand not for men, but for money. And the demand for money, here as everywhere, is unlimited. What Mr. McCormick tried to find out was the immediate absorbing power of the various counties for men, who brought with them nothing but their capacity to work, if they could get a job to work at. In other words, if the railroads were to lay down in any county, at once, a supply of able-bodied unskilled laborers, how many jobs were there, at the moment of investigation, open and ready for these men. A careful investigation was made, through the offices of the company, and Mr. McCormick gave the results.

The figures were interesting, and superficially disappointing. There were, at the moment of Mr. McCormick's investigation, 10,050 jobs waiting in California for an able-bodied but not trained man to fill. More than half the counties in the state reported no jobs at all. There was a man already on hand for every job, and the absorbing power of the county just for men, unsupplemented by money or specialized skill, was reported in these counties as nothing. The other counties reported absorptive power as follows, arranged in the order of demand:

Fresno, 2550; Sonoma, 1600; San Joaquin, 1050; Solano, 670; Tulare, 450; Kern, 450; Merced, 425; Inyo, 400; Orange, 390; Sierra, 300; Kings, 250; Lassen, 250; Plumas, 150; Monterey, 200; Stanislaus, 150; San Bernardino, 125; Napa, 100; Humboldt, 50; Santa Barbara, 50; Riverside, 50; Ventura, 30; Del Norte, 25; San Benito, 25—Total, 10,050. All the

outside of a building, or in any wagon or cart, shall be protected from both flies and dust. An Italian fruit vendor was arrested for violating this ordinance and appealed from an order of the district court denying a writ of habeas corpus. In a decision recently rendered Judge Lewis of the supreme court of Minnesota affirms the lower court decision and holds that the ordinance is not an unnecessary interference with private rights, is not an unreasonable requirement, or impossible of performance, and is not in restraint of trade, or contrary to the provisions of the state or federal constitution. The ordinance was bitterly criticised because its provision, include all fruits, such as oranges and bananas, which is was claimed required no protection. The judge holds that while, no doubt, a distinction may be drawn between such fruits and others, such as berries, it is not for

other counties reported no jobs available. The showing for Fresno county and the San Joaquin valley is rather startling. Fresno county stands at the very head of the list, with 2550, nearly twice as much as the next highest county. The San Joaquin valley, with 5620, has over half of the demand of the entire state. Mr. McCormick explained, however, that the true showing would not be quite so disproportionate as this, since many of the jobs were temporary, and the figures were obtained at the season of greatest demand in the San Joaquin valley. Still, even allowing for this, it is perfectly evident by this test, that Fresno county particularly and the San Joaquin valley generally, have the greatest openings for immigrants of any portion of California. Also it is evident that the opening for increased population simply as population—that is, for men who bring nothing with them but themselves, and must make their way upward by putting their labor to our opportunities—is discouragingly small. If an earthquake should open the Panama canal tomorrow, and ships should begin pouring in next month the immigration we expect three years later, we have not now the jobs in which to employ that immigration. But of course the showing is really not so discouraging as it seems. One reason we have not the jobs is that we have not the men. We have the resources out of which to make the jobs, and as the men come jobs will develop. Unskilled laborers, moreover, are only one class of immigrants. We are now prepared to absorb more of our sorts, and the presence of these will make more jobs for the laborers. The more work is done, the more there is left to do. California will absorb all the assimilable immigration it can get, as fast as it can be brought here. And the greatest room for increase of population of every sort, from the unskilled laborer to the magnate, is right here in the middle of California.

Will Orange County have a candidate for the state senatorial nomination?

It seems to be conceded that Clyde Bishop has long considered running for the nomination. It is highly probable that Miguel Estudillo of Riverside, who now holds the position, will seek another term, four years.

Probably no candidate in the state occupies a position toward any portion of his territory like that of Estudillo toward Orange County—or rather Orange County toward Estudillo. Four years ago when Estudillo secured the nomination there was an uproar. He had the unflinching support of the regulars and the hearty opposition of the Progressives. We remember that Gillett came down from Sacramento and made a round-the-country trip in behalf of Estudillo.

Those who fought hardest for Estudillo four years ago, are now against him. This is particularly true in Orange County. They say Estudillo went over to the other side. The question that the regulars are asking is: "What will the progressives of Orange County do with Estudillo, the man they fought four years ago?"

Estudillo is supposed to expect, with good reason, the support of Riverside and Imperial counties, but a local Progressive is authority for the statement that he believes Imperial will join Orange County for making a Republican nomination next August.

As yet the Orange County Progressives have no candidate for the senate. There seems to be a general feeling that they will have one. It is conceded that Bishop cannot run under the Progressives' flag, and that if a candidate will be one not hitherto mentioned as a candidate.

Now comes the assemblyman. Bishop may run again, but it is probable that if he does any running at all it will be for the senate, not for the assembly.

Somebody was talking Lew H. Wallace of Newport Beach a while ago, and there is no question but what he would make a good man.

Wallace probably has not even thought of the possibility or probability, and he might not consider it for a minute. Just at present Wallace is busy getting his bank cleared of the wreckage caused by the robbers who blew open the vault and safe last Friday night, and between explosives, gun battles, blood trails, man hunts, detectives and insurance company representatives, the chances are that politics are the last thing entering his mind these days.

Orange County is going to elect two supervisors next fall, for by the lots drawn a year ago the terms of two of the present board will end a few weeks after the November election. Those two are H. E. Smith of Santa Ana, Republican, and B. S. Lineberger of Fullerton, Democrat.

There are already rumblings of opposition to both of these men. There are some who were not exactly satisfied with Smith's vote for a Democrat to fill the vacancy caused by County Assessor W. M. Scott's death. Smith, however, goes on serenely, and as everybody knows he has a great way of getting the votes on election day.

"Unquestionably there will be a fight made against Lineberger," said a few days ago. "Who is going to run for the Republican nomination? I don't know and I don't think anybody else does, but you can bet your life there will be candidates."

"Get the Habit"—Trading With

W. A. HUFF

Needham moving into this district and running.

The Progressives in this county want to support a Riverside man—that is, they believe that if the Progressives of Riverside will put up a strictly first-class man, and get behind him solidly, this county can be made unanimously for him, so far as the Progressive vote is concerned; and that such support would surely swing Imperial and the other counties into line and insure his nomination.

Will Orange County have a candidate for the state senatorial nomination?

It seems to be conceded that Clyde Bishop has long considered running for the nomination. It is highly probable that Miguel Estudillo of Riverside, who now holds the position, will seek another term, four years.

Probably no candidate in the state occupies a position toward any portion of his territory like that of Estudillo toward Orange County—or rather Orange County toward Estudillo. Four years ago when Estudillo secured the nomination there was an uproar. He had the unflinching support of the regulars and the hearty opposition of the Progressives. We remember that Gillett came down from Sacramento and made a round-the-country trip in behalf of Estudillo.

Those who fought hardest for Estudillo four years ago, are now against him. This is particularly true in Orange County. They say Estudillo went over to the other side. The Poly-High Site
Editor Register: As an old settler let me ask a friendly question through your paper in regard to the polytechnic school site, as well as volunteer some friendly advice.

I have heard it intimated that the site on North Main street contains but something like eight acres of land, with streets on three sides, with no possibility of increasing it without crossing streets and paying fabulous prices for land.

Let someone should say the writer was an enemy of the school bonds, I would say my wife and I both voted in favor of them.

I have been identified with Santa Ana and its surroundings since seventy-three, have seen it grow from a weed patch to its present proportions, having full confidence in its future prosperity, having voted for its advancement and improvement. Believing in the good sense of all the people I had rather leave the selection of the school site to them than to a few men, however wise they may be.

W. L. WILHITE.

OBITUARY

Martha Wells McCoy

Martha Wells McCoy was born in Hanover, Ohio, Jan. 7, 1832; she passed to her eternal reward Jan. 8, 1912, aged 80 years. She was one of a family of 12 children, two of whom were ministers of the gospel; two brothers, Horace Wells, aged 86, and Chester Wells, 84, alone survive of this family. She was married to Mr. McCoy at Coshocton, Ohio, April 23, 1868. Three children born of this union remain to treasure the precious memory of a devoted mother. Mr. McCoy preceded his wife, his decease taking place four years ago. By his first wife Mr. McCoy had four children, all of whom are living and are well known.

With her husband and family Mrs. McCoy came to Westminster, Cal., in 1873, from Henry, Ill. She has resided in Westminster nearly 40 years and never desired to leave; she has only yielded to the higher call that bade her "come home."

A member of Westminster Presbyterian church since coming here, she has lived a rich and useful and splendid life. Old and young found a warm place in her great heart. Love and good will she generously gave. The old church bell tolled out her years according to her expressed wish, not mournfully, but as if it were saying, "Good-bye, and good wishes to all." Her faith in her Savior, strong throughout life, was dominant to the last. She said, "Do not think of me as death, but just asleep in Jesus." Oft she would say, "The dear Lord is with me."

The funeral services were conducted by her pastor, W. T. Wardle, assisted by her former pastor, Dr. Junkin, in the church, Thursday, the 11th inst. The public school closed in her honor. Floral decorations and mementos were given by the children of the public school, by the Sunday school and by friends from far and near. One of the pioneers of this part of the county, she was one of its most honored and well known citizens. The funeral was largely attended, and interment was made in the Santa Ana cemetery.

Such a death is like the broken Alabaster box.

That held the precious ointment; ne'er again

Shall it be gathered to its costly shap;

But the spilt perfume throughout the house

Shall yield perpetual fragrance, and the hearts

That cluster round it shall themselves

Become purer and sweeter for the sacrifice.

DIED

WELLS—At Long Beach, Jan. 14, 1912, Mrs. Martha McCoy Wells, aged 75 years. The remains are at Smith & Son's parlors, awaiting the funeral, which will be held Wednesday, Jan. 17, at 10 a.m., from the First Presbyterian church of this city.

The deceased was a sister-in-law of Mrs. Martha Wells McCoy, who died at Westminster on Jan. 8, 1912.

BROWN—In Los Angeles, on Jan. 10, 1912, Mrs. Harriet Brown. Services will be held at the Santa Ana cemetery following the arrival of the 2:30 Santa Fe train. The deceased was a sister of J. R. Congdon of this city.

MOE—At his home on the San Joaquin ranch, Jan. 15, 1912, George E. Moe, aged 55 years. Funeral services will be held Jan. 18, at 10:30 a.m., from Smith & Son's chapel.

The deceased died very suddenly of heart failure, and leaves a wife and family of grown children.

FRANZEN—In Riverside, on Jan. 15, 1912, Henry Franzen, aged 87 years, father of Chris and Henry Franzen, Jr., of Riverside, and E. C. H. Franzen of Santa Ana. Funeral at 1 o'clock, Wednesday, Jan. 17, from the German Lutheran

ORANGE COUNTY NURSERIES

PLACENTIA

Orange Co., Cal.

You don't pioneer when you move to Placentia. That stage of this new packing and shipping town was past six months ago.

With the building of the Santa Fe's new main line east through the famous Placentia district, Placentia Townsite came into existence as a business center for this thickly settled and wealthy community. The orange growers built five large packing houses to handle the production. (Three more packing house sites have been procured.)

Placentia today, twenty-six miles from Los Angeles is a thriving go-ahead town with all city conveniences, such as bank, hotels, large stores, newspaper, lumber yard, garage, etc.

Placentia will not stay a town; that is inexpressive of its future. Placentia, the center of a district equal to Riverside and Redlands, must be a city. Already there are over a thousand people dependent on Placentia as a distributing point, which makes for active business.

An ideal climate, beautiful surroundings, good water, and plenty of work in all lines, produce perfect living conditions.

Placentia offers unexcelled opportunities for Merchandising, Home-making or Investment.

REMEMBER

Placentia Townsite is over one-half sold out. Yet you can still buy at the original prices and on the original terms.

Let us show you both the Possibilities and the Actualities at Placentia. Do not select land for a home or investment until you have seen Placentia.

Social and Club Circles

LEAP YEAR PARTY

Christian Endeavor Girls Did Honors of Jolly Social Event

The young ladies of the First Christian church C. E. Society were the first of the fair sex in Santa Ana to exercise their leap year prerogatives, and very efficiently did they fulfill the duties of escorts and entertainers. A leap year party at the home of Miss Ray Knights on Cypress avenue afforded them their opportunity. The young men were tenderly and carefully escorted to and from the affair, and careful attention to their wants and caprices was paid by the young ladies throughout the evening. The jolliest feature of the evening was the acting out by the guests, divided into families, such as the J. P. Morgan family, an English family, etcetera, of leap year dramas. Each family acted out its own particular play, the J. P. Morgan family carrying off histrionic honors. After refreshments of tamales, pies and wafers, the young people concluded the pleasant evening with singing.

Those enjoying the merry event were Misses Eva Robinson, Ray Knight, LaRue Fipps, Ethel Wilson, Gladys Hawkins, Theona Lovelady, Esplanada Hall, Marie Zimmerman, Lucy Stevenson, Myrtle Wilson, Artie Knights, Florence Zimmerman, B. Williams, Owen Coffin, Chegwidden, Guy Bolard, Roy Knights, Archie Burkett, Mr. and Mrs. Frank McCarter, Mr. and Mrs. Bruce Scholes.

Parent-Teachers to Meet

The Parent-Teachers' Association of Lincoln school will hold its regular meeting on Thursday, Jan. 18, at 3:30 p. m. There will be a report by Mrs. Lillian Whitney on the "Playground Institute," and a very instructive and delightful talk by Dr. Wehrly on "First Aid to the Injured."

Any parent or teacher interested in these subjects is invited. The music will be furnished by the Fifth grade pupils, Miss Andrews, teacher.

Missionary Meeting

The Woman's Missionary Society of the Congregational church will meet at the home of Mrs. N. A. Beale, 821 E. Street Wednesday, January 17, at 2:30 p. m. All ladies are cordially invited to be present.

Important Meeting

The official board of the First Methodist church held a regular meeting last night at among other important items of the evening received the completed plans for the improvement and enlargement of the church, a project that was decided upon some time ago. The plans are satisfactory and work will begin soon.

Delegates and alternates to the coming Home Missionary Parliament of the Methodist Episcopal Churches of Southern California, to be held in Los Angeles on next Thursday and Friday, were elected. This parliament is an important meeting at which no less than four bishops of the church will be present, including the well-known Bishop Quayle.

When you are writing or telling your Eastern friends about Santa Ana's rare natural and educational advantages just remember to tell them that we now have a modern and fully equipped Conservatory of Music where the very best advantage for a rounded musical training are to be had.

If you are a real estate agent you should not fail to impress your clients with this fact. More and more are people coming to regard a musical education as being as essential as regular school training. Boost for the Orange County Conservatory of Music! 504 1/2 N. Main St. Main 214.

TRAVEL CLUBS

Studies of Foreign Lands and Sociability Combine in Pleasant Meetings

Yesterday the ladies of the Travelers Section, Number One, greatly enjoyed getting together again in club relations after the lengthy interim since their last meeting, held in 1911. Mrs. George S. Smith was hostess at the first meeting this year which was held at her pleasant home on French street.

Greetings from Mrs. Alec Lacy, who is now at Ozark, Neb., and an interesting letter from Mrs. H. R. Bristol describing the automobile trip made by herself and husband from Santa Ana to their ranch near Madera, added unusual interest to the meeting. The reading of "All the Russias" the study for this season, proved fascinating. Later, delicious refreshments were served by the hostess through the social hour.

The next meeting of this section will be held at the home of Mrs. I. W. Van Cleave.

Miss Minnie Taylor yesterday afternoon opened her beautiful home on Edgewood Road for the meeting of the second section of the Travel department of the Ebell Club Society. The study of "England" was resumed by the club. Following this was a most interesting review of "Dorothy Vernon" by Mrs. Chas. F. Crose, president of the Club.

A most delightful social time followed the reading hour. Miss Taylor served dainty refreshments over which the ladies visited genially.

James-Cox

Yesterday afternoon at 4 o'clock Rev. J. A. Stevenson married O. G. James of Santa Ana and Miss Madula Cox of Shreveport, La. Miss Cox arrived from Louisiana on Sunday. She was a visitor here last summer at the home of Mrs. E. R. Majors, where Mr. James first met her. After the wedding the couple went to Los Angeles. On their wedding trip they will visit Long Beach and San Diego.

League Meeting

The Santa Ana Chapter of the American Woman's League held their regular business meeting in the rest room of the city hall on Saturday, January 13. The meeting was very well attended, and was unusually interesting. Arrangements were completed for the social meeting to be held at the home of Mrs. Batchelder at 404 West Second street on Saturday afternoon of this week. A cordial invitation is extended to all members of the chapter to attend this meeting.

Washington School Mothers

Mrs. John N. Anderson, president of the Lincoln School Parent-Teachers' Association, cordially invites the mothers and teachers of Washington school to attend the meeting at the Lincoln school kindergarten Thursday afternoon at 3:30 o'clock. Play grounds and accident incident to play, will be discussed.

Coming Events

Cards are out for an At Home on January 24 at which Mesdames Charles Oliver and Frank Remsburg will be hostesses.

Card of Thanks

We wish to express to the comrades of the Grand Army, the Masons and all other orders assisting, and to our many friends and neighbors, our sincerest thanks for their kind words and assistance in our great sorrow in the death of our dear husband and father, and for the most beautiful floral offerings.

Mrs. Harriet S. Coulter, Mr. and Mrs. Clarence L. Coulter, Mr. and Mrs. L. Claude Coulter, Mr. and Mrs. Robert W. Watson.

We have in the vicinity of Santa Ana two beautiful pianos fully guaranteed and late improved. Will sell close for cash or time, rather than ship. Write me at once. "The Willy B. Allen & Co., Los Angeles.

Personals

Rev. H. E. Murkett is ill with the grippe.

Dr. Roland Lord, who is still lame from a recent accident, made a trip to Los Angeles this morning. Dr. Lord is said to be planning to go to Panama as soon as he fully recovers from his accident.

Mrs. Olive Lopez spent yesterday afternoon in Los Angeles.

Mr. and Mrs. H. C. Dawes were morning passengers to Los Angeles today.

Harry Dean went to Los Angeles this forenoon.

Alba J. Padgham was a business visitor to Los Angeles today.

Rev. J. A. Stevenson was a Los Angeles pilgrim this forenoon.

A. R. McCartney of Watts, the young man who lately held the position of P. E. and Postal Telegraph agent here, is now wireless telegrapher on one of the boats plying between San Pedro and Avalon.

Mrs. Clarence H. Wilson, of North Bristol street, is spending a few days with her sister, Mrs. C. P. Visel, in Los Angeles.

Were Fined \$5 Each

Policemen Ryan and Lacy last night arrested two youths, C. Robertson and R. Brown, who came into town from elsewhere. The police put up a charge of "drunk" against them, and this morning they paid \$5 each.

DISSOLUTION NOTICE

Notice is hereby given that I, N. E. Emery, have sold my interest in the Home Cycles, located at 207 East Fourth street, to Henry Buck. All accounts due the Home Cycles to be paid to Henry Buck, who also assumes all the indebtedness of the firm. N. E. EMERY.

Patronize none dealers when you need sewing machine repair. We guarantee all work for one year. We live here.

We have a first-class repair man. Phone Main, 284.

Will the party who borrowed my heavy block and tackle please return it as I want to use it tomorrow. A. C. Black.

A cut out chassis of the E.M.F. "20" and Flanders "20" this week at the Wm. F. Lutz Co. showroom. Open evenings.

WOULD SET ASIDE DISSOLUTION OF THE TOBACCO TRUST

NEW YORK, Jan. 16.—Retail tobacco dealers of this city, asserting that they are unable to compete with the United Cigar Stores Company with a rebate coupon system, and because of alleged favors given to it by the American Tobacco Company, will endeavor to have the dissolution and reorganization plan of the American Tobacco Company set aside.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

McMANIGAL AND WIFE ARE NOT RECONCILED

INDIANAPOLIS, Jan. 16.—Ortle McManigal as a witness for the federal dynamiting probe, will probably occupy the stand for two days. His wife and children returned to Chicago without seeing the prisoner. It is believed all efforts at reconciliation failed.

—The Flanders "20" is on exhibition at our showroom this week. We are showing a cut out chassis of this car showing the operation of all me-

WITNESS REPAIRED APPARATUS FOR HIM

Los Angeles Times: James G. Waggoner of Seattle, a former witness before the federal grand jury here, started for Indianapolis yesterday. Before doing so he slipped away to Santa Ana with Miss Elma Meyer of Seattle and the two were married by Justice of the Peace Fullerton. Waggoner is 33 years old and his bride 30. He gave his occupation as an electrician and stated that years ago he lived at Anaheim.

Waggoner had an electrical shop in Seattle at the time James B. McNamara went there at the request of several Seattle laborites. McNamara had one of his electrical devices for exploding dynamite repaired at Waggoner's shop. The electrician thought nothing of the circumstance at the time but afterwards remembered it when he saw McNamara's picture in the paper when he was brought to Los Angeles to be tried for blowing up the Times building and murdering twenty of its employees.

Among other jobs to which McNamara lent his devilish cunning was the Lyons building in Seattle. The building was greatly damaged while in course of construction, but no one was ever arrested for the crime.

When the federal grand jury of this district began its investigation of the conspiracy of laborites to bring dynamite to Los Angeles for criminal purposes, a number of Seattle witnesses were subpoenaed, including Waggoner. It is presumed that the Seattle witnesses will all testify in Indianapolis as to facts that will tend to show the magnitude of the nation-wide conspiracy to destroy property belonging to independent contractors and manufacturers.

PASADENA HOTEL BURNS WITH LOSS OF \$100,000

LOS ANGELES, Jan. 16.—Fire that started at 11 o'clock Sunday night in the upper part of the Pasadena hotel, at Washington and Fair Oaks streets, one of the oldest of the tourists hotels in Pasadena, destroyed the establishment, with an aggregate loss of about \$100,000.

So far as is known, all those who were in the hotel escaped without injury.

—The flush side fore-door and semi-sealed cash give individually to an E.M.F. "20." See our exhibit this week. Wm. F. Lutz Co.

ELEVEN BELATED SANTA FE OVERLANDS ARRIVE

SAN BERNARDINO, Jan. 16.—Eleven belated Santa Fe overlands reached San Bernardino yesterday and last night from the east, bringing a small army of cold weather refugees. They were the first trains to arrive since Friday, and were held in western Kansas by the heavy drifts of snow that blocked the Santa Fe main line for three days.

The trains yesterday were due to arrive Saturday, Sunday and Monday morning. At 10:30 last night the last of six trains of the California Limited arrived. Two sections were due on each day since Friday. The arrival of six California Limited trains in one day was the first time on record.

N. Y. CITY HALL SHUT OUT PORTRAIT OF GROVER CLEVELAND

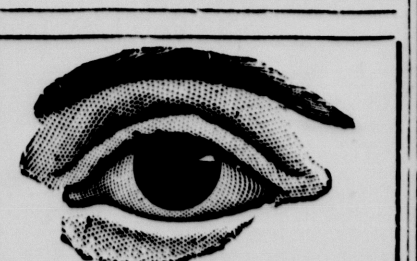

NEW YORK, Jan. 16.—Former President Cleveland's portrait has been refused a place in the Governor's room in the city hall, where portraits of many of the Governors of New York State have been placed. It was hung just outside Mayor Gaynor's office yesterday in the public corridor.

The portrait, done in oil by Eastman Johnson, is pronounced an excellent one of the former President and Governor. It was bought by public subscription by a committee appointed by Mayor Gaynor and was delivered at the city hall several weeks ago.

BERGER WILL URGE WOMAN SUFFRAGE BILL

WASHINGTON, Jan. 16.—Victor Berger, the Socialist congressman from Wisconsin, has introduced a house resolution providing for national women's suffrage. If enacted, Berger proposes to punish any state disregarding it by reducing its congressional representation.

AVIATORS SEVER WRIGHT BROTHERS CONNECTION

Los Angeles Examiner: Phil O. Parmelee and Clifford Turpin, aviators who have been flying for the Wright brothers, yesterday severed their connection with the Dayton inventors. Although the Wrights had fifteen flyers sailing their machines during the past summer, Parmelee and Turpin were the only members of the team retained after November 1. Friction over prizes won by the aviators is said to have been the cause of the breach.

The two stars are here for the coming aviation meet at Dominguez. Both will fill their contract here, but will have to pay a royalty of \$200 a day to the Wrights in addition to putting up a cash bond of \$3000 for the return of their machines.

COLOMBIA FACING REVOLUTION AFTER 14 YEARS OF PEACE

WASHINGTON, Jan. 16.—After 14 years of peace, the Republic of Colombia is face to face with a revolution. According to information that reached Washington recently, General Rafael Uribe, who fought in the revolution of 1898 and who is now a member of the Colombia Congress, is leading the present movement.

He has the backing of the radical party, which alleges that the Catholic Church and not the people control the present government.

It is stated that the movement will assume definite shape within the next few months.

WE'LL STOP THAT ITCHING FOR 25 CENTS

ZEMO and ZEMO SOAP Give Instant Relief

—Are you troubled with Eczema? Does your skin itch, burn, smart or bleed? If so come into our store and get a special 25c treatment of the one sure, quick relief and positive cure you've been looking for.

BUFFALO INCREASING IN THE UNITED STATES

WASHINGTON, Jan. 16.—Buffalo are on the increase in the United States. According to the fourth annual report of the American Bison Society, just published, there are now 2760 of them in North America. This includes a great herd of 1000 established in Canada by the Canadian government, largely through the efforts of Earl Grey.

This is not the only herd controlled by the Canadian government. There are twenty-seven head in Banff, Alta., park; sixty-one in the Elk Island park and a big herd of 918 in what is now known in Canada as the Buffalo park.

In addition to the captive buffalo owned by the Canadian government, there is a wild herd known as "wood buffalo" north of the Great Slave lake. This herd is estimated at from three hundred to one thousand. It has been decimated by wolves.

The United States government has established a national bison range on the Flathead Indian reservation in Montana, and this increased in the last years from thirty-seven to fifty-one head. There are now buffalo, either wild or captive, in twenty-seven of the states, and an effort is being made by the Bison Society to secure the formation of a state bison range in each one of the states where the animals will thrive.

OUR BACK EAST MUSEUM

Great Collection of Rare and Curious Objects from East of the Rockies Exhibited for the First Time

(Los Angeles Midwinter Times)

Foreword: Knowing that there are many things in the land to eastward, where summers sizz and blizzards blizz, that the native son knoweth not of, and the former easterner has forgotten, we have gathered and now present for the inspection of an interested public certain curiosities of life and nature foreign to Southern California.

Our museum is free to all. Keep to right and don't crowd.

Snow
A flour-like powder that nature uses back East to spread over the world when there is absolutely nothing else available. Also greases the roads, so the sleighs will slide. Snow comes down as light as a feather, but it is a very weighty matter to get off the front walk a little later on.

Snow in a hurry is called a blizzard. Melted snow is called slush, and feels worse than it sounds. Snow is white in the country and black in the cities.

Icicles
When snow exceeds the speed limit in melting and running away, and is placed under arrest by Jack Frost, it assumes the form of a long, cane sharpened to a needle point, and is called an icicle.

Snow Shovel
An aid to lazy appetites, much in vogue in the East. Directions: Use before breakfast each morning vigorously, and follow by hot internal applications of buckwheat cakes, maple syrup and coffee to the stomach. For best results use the snow shovel on a wooden walk where the nails protrude one-half inch above the boards.

Thermometer
A quicksilver idol of jumping-jack propensities housed in a little tin bottle will cost you nothing. You alone to judge.

Again and again we have seen how a few drops of this simple water applied to the skin, takes away the itch, instantly. And the cures all seem to be permanent.

D. D. D. Prescription made by the D. D. D. Laboratories of Chicago, is composed of thymol, glycerine, oil of wintergreen and other healing, soothing, cooling ingredients. And if you are just crazy with itch, you will feel soothed and cooled, the itch absolutely washed away the moment you applied this D. D. D. We have made fast friends of more than one family by recommending this remedy to a skin sufferer here and there and we want you to try it now on our positive no-pay guarantee.

WINGOOD'S DRUG STORE

We have been in business in this town for some time, and we are looking to build up trade by always advising our patrons right.

So when we tell you that we have found the eczema remedy and that we stand back of it with the manufacturer's iron clad guarantee, backed by ourselves, you can depend upon it that we give our advice not in order to sell a few bottles of medicine to skin sufferers, but because we know how it will help our business if we help our patrons.

We keep in stock and sell all the well known skin remedies. But we will say this: If you are suffering from any kind of skin trouble, eczema, psoriasis, rash or better, we want you to try a full size bottle of D. D. D. Prescription. And, if it does not do the work, this

shrine, before which people bow night and morning. Used in winter to tell whether it is colder than it seems to be, and in summer to tell when to begin saying "Is it hot enough for you?" It always hangs on the back porch, between the door and the pump.

Sleigh
A sleigh is an auto minus everything but the tonneau. The engine is replaced by a horse, which starts without cranking. The front of any thoroughbred sleigh always has a double reverse curve, like the neck of a swan.

This vehicle is much favored by lovers who would rather spoon outdoors on a moonlight night than in the parlor by the stove. Sleighbells is the oldest sport known to man.

The Overcoat
An overcoat is a circular cloth contrivance with a man on the inside and a blizzard on the outside. It is a portable cave, into which the hibernating easterner crawls in the fall, and from which he emerges some time before the Fourth of July.

Wristers
Wristers, or pulse-warmers, as they were sometimes called, were, as the latter name would indicate, cloth bands worn around the wrists to keep the pulse from congealing in cold weather. They came in all colors and sizes, and were either plain or fancily frilled.

Mothers used to knit them for their sons, girls for their sweethearts, and sometimes wives for their husbands. There is a rumor that they are becoming extinct like the dodo, but no one has had the temerity to go back East in the winter time to find out.

Scarf
A long, narrow rug worn around the neck instead of on the floor. From three to thirty feet in length.

and wrapped around the neck from three to thirty times, with a knot tied under the chin, and two fringed ends hanging down over the chest.

The Hard-Coal Stove
A hard-coal stove is a machine for converting coal into ashes and clinkers. Some heat is given off in the process.

No home back East is complete without one of these machines. The stoves always set on four legs, carved to resemble tiger's paws; and it has a silver ornament on top which looks like the helmet of a Roman centurion. There is a hole in the top for putting in coal, and another one in the bottom for taking out ashes, and it certainly keeps a man warm attending to these two openings. That is why the stoves are so popular in winter.

A healthy hard-coal stove in the pink of condition is about as heavy as a fourteen-inch gun. Luckily it is a stationary object most of the year, migrating but twice, from the woodshed to the house in the fall, and vice versa in the spring.

It takes some engineering to transport these stoves. Men of science have long wondered how the Egyptians ever were able to move the immense stones of which the Pyramids were built, but if they could hang around and watch the man of the house chaperoning the stove on its semi-annual pilgrimage they would see a great light.

The Cyclone Cellar
The cyclone cellar is a working model of the old idea of "going into a hole and pulling the hole in after you."

Inhabitants find them a handy thing to have around the house. Easterners have no set time for retiring into these caves, but generally go whenever the spirit moves them. It generally moves them about the time they see a black cloud in the southwest trying to act like a funnel.

Cyclone cellars are a blessing to sensitive natures; shut up in them, the owner of property is spared that feeling of chagrin which might possess him were he out in the open at the moment when his house sails into the air like a biplane and breaks all records for cross-country flight.

The Lightning-Rod
A lightning-rod is a vine which grows up the sides of the houses back East and projects its tendrils into the air from the roof. This plant is esteemed more highly than ivy for exterior house decorations. It conducts electricity from the air to the ground, and money from the pocket of the buyer to the lightning-rod agent.

HAVEN CHARLES HURST.

RACING BALLOONS TO BE FEATURED

Majestic racing balloons and swift dirigibles will be features of the Los Angeles Aviation Meet at the famous Dominguez flying field January 29 to 31, according to Dick Ferris, general manager of the meet. Ferris is noted for his insistence on completeness and thoroughness in the program, and that for the aviation meet is no exception to his rule. Famous aeronauts will vie with the big aviators in getting into the air each day. The huge racing balloons which stand as high as a six story building when inflated and carry six to ten passengers will make daily ascensions in charge of leading American balloonists.

An "aviation special" composed of six three-ton Packard automobile trucks, each seating as many passengers as a modern railway coach, will run daily from the heart of Los Angeles to Dominguez during the aviation meet. On arrival at the grounds the trucks will be placed in special service to haul the crowds up the hill from the railroad and interurban trains to the grandstand, free so that nobody need do any hill climbing to get to the aviation field.

A historical parade embodying every feature of locomotion in California from the prehistoric cart down to the modern eighty mile an hour aeroplane will march through the streets of Los Angeles on the day the third international aviation meet opens at Dominguez Field, January 29. Preceded by the "ship of the desert," the camel, the Mexican cart, prairie schooner, farm wagon and other vehicles will parade in historical order, and after the various types of automobile will come the different kinds of aeroplane from the early models to the fastest which will be seen in competition at the aviation meet.

EDUCATE WOMEN AS WELL AS MEN

UNIVERSITY OF SOUTHERN CALIFORNIA, Jan. 16.—It is evident that the Chinese are going to try to work out their destiny on the lines of education, which has been their strong point for centuries and centuries. And this time the education is to be for women as well as for men. Such is the report that Miss Hughes brought to the students of the University of Southern California, whom she addressed at Chapel on Thursday the 11th. They were especially eager to hear her for several reasons. In the first place she comes from the disturbed region around Hankow in the great Yangtze valley, where the revolutionists are strongest. Again, one of the finest students who have studied at U. C. S. in recent years, Miss Zula Brown, is now on her way to Nan-Cheng, situated in this very interior part of the Chinese Empire (or Republic?), and will be doing her best to train the women in modern American methods. A recent edict has made it necessary for officials who wish to get or hold their jobs to marry educated women—surely a significant step worthy of notice all over the world. The revolutionists are very favorable to our mission schools and preserve them from any damage or depredations, quite unlike conditions in the Boxer movement.

SMALL CHECKING ACCOUNTS

No one is denied the convenience of a checking account with the Farmers & Merchants National Bank, because his transactions are small. It is the policy of this bank to encourage the small depositor, because it sees in each one the possibility of the large account of the future.

The officers of this bank are accessible to those who call for the transaction of business, and are glad to extend a welcome to new depositors.

LOS ANGELES PRODUCE MARKET

The vegetable market opened uncertain. Many changes in quotations along this line were made. Some vegetables showed an advance over last week, and others were inclined to be weaker. Cauliflowers, under liberal receipts over Sunday, declined 10 cents a crate. The best stock sold yesterday at \$1.75. Celery was firmer; \$4 was the prevailing price per crate on the street. Spinach was held at 20 cents. Cabbage showed weakness and the best declined 50 cents a sack. Northern artichokes went to \$1.25 per dozen. Some stock was selling around \$1.10. Horseradish was down 1 cent. Other vegetables showed no change.

Fresh eggs declined 2 cents, candied stock selling at 24 cents and case counts at 30 cents per dozen. Pullet eggs also showed a marked decline, 6 cents being knocked off over Sunday, and yesterday they sold at 24 cents. The decline in fresh eggs was due to liberal receipts. Storage stock showed no change. Arrivals were 210 cases.

The butter market was firm to steady. There was a fair demand for creamery extra. Cooking butter was also in fair call. Lard stock was well received at 25 cents per pound. Receipts were 25,876 pounds.

Cheese arrivals were 85 pounds. The market ruled firm on all varieties. The call was for Northern fresh. The San Francisco market was reported at 16 1/2 cents.

The potato market showed no change in quotations. There was a good movement reported at quoted figures. Salinas were in good demand from \$1.90 to \$2.10 a hundredweight. Receipts were 7495 sacks.

The onion market was firm. Yellow Danvers and Australian Browns were in call. Arrivals were 17 sacks. Bean receipts were 3 sacks. The market on all varieties of beans was reported firm. The market on black eyes dragged along. There is very little demand for this variety and sales are confined to small lots. Pink beans show a marked firmness. The market was from 15 to 20 cents higher a hundredweight and the tendency of the market is upward. Small and large white beans were strong.

The sweet potato market was steady. There was a fair demand at quoted figures. Arrivals were 215 sacks.

AT THE COURT HOUSE

WANT SIGNAL
AT CROSSING

Mission Town People Would
Have Danger From Fast
Trains Lessened

Creedmore Gun Club Moves to
Have Case Sent to Los
Angeles Court

County Clerk Williams today received a petition of ninety-five residents of San Juan Capistrano, addressed to the Board of Supervisors. This petition states that some of the Santa Fe trains pass through the mission valley at a high rate of speed without stopping at the depot. Consequently the crossing just below the depot is rendered dangerous, for there is no signal of any kind to warn people of an approaching train, and a number of people have barely missed being killed at that point. The supervisors are asked to take the matter up with the Santa Fe and require the installation of some device that will signal approaching trains. Justice of the Peace Landell filed the petition.

Want Change of Venue
The defendants in the action of J. A. McFarland against the Creedmore Land & Water Co. have petitioned the superior court for a change of venue to Los Angeles, where the principal place of business of the defendant corporation is located. McFarland brought suit for \$6400 damages, alleging that his land and crops were injured by overflow and seepage from the ponds of the Creedmore Gun Club near Westminster. Change of venue is asked on the ground of the location of the defendant's place of business. C. V. Colyear and A. R. Conrad are president and secretary of the company.

Suit Is Brought
E. M. Smiley, with Scarborough & Forgy as attorneys, today brought suit to foreclose against Stanley C. Bartholomew on a \$250 note signed Dec. 12, 1910. The property concerned is lots 15 to 18, block 16, Pacific Electric tract.

Case Is Settled

LADIES' and GENTS'
WATCHES

All new stock Gents' Watches in gold filled cases, all sizes and all the standard makes of movements from \$9.00 up.

Ladies' gold filled guaranteed 24-year cases, standard American movements, \$7.50, \$12.50, \$15.00 and up.

Ladies' Solid Gold Watches, \$18, \$25.00, \$30.00 and up.

Corner Third and Bush Sts. Santa Ana, Cal.

IN THE JUSTICE'S COURT

THEY FOUGHT
OVER WOMAN

Felony Charge Against Cervantes is Dismissed and a Lesser Charge Brought

The charge of assault with a deadly weapon with intent to commit murder, brought against Mike Cervantes, was dismissed today and another charge, that of malicious mischief, was brought.

This change of front was made after the two principal witnesses against Cervantes had been examined. They were Joe Silva and Mrs. F. C. Wilhaber. Silva had a hand in a hand-axe. He said Cervantes attacked him first to stab her, and she called for Silva to help. Cervantes accused Mrs. Wilhaber of allowing Silva to kiss her. The woman said the attack with the knife followed that accusation. The fracas occurred on Lincoln street.

The malicious mischief charge comes from the fact that Cervantes broke into two or three houses in search of the woman.

Three Charges
Three complaints were filed yesterday against Nazario Mendoza, a Yorba Spanish, who passed a number of worthless checks at Anaheim and Fullerton. One complaint charges that on Dec. 21 under the name of Fred Garcia he passed a \$30 worthless check on H. A. Dickel at Anaheim, signing the fictitious name John Bender. The second complaint charges that he forged the name of Henry Reuter to a \$30 check. That time Mendoza used the name of A. N. Ruiz. The third complaint alleges the forgery of the name of T. J. Williams to a \$15 check, cashed by J. Ziegler on Nov. 4. All the checks were on the First National Bank of Anaheim.

Sentence Hangs
Charles Tempke, an Anaheim man, was yesterday found guilty of disturbing the peace, and a suspended sentence of thirty days was given him, and suspended during good behavior.

ON HUNT FOR
INFORMATION

Burns Operative Is Today at
Newport Beach in Search
of Clues

As yet no word has been received that throws any light on the whereabouts of the three men who Friday night robbed the State Bank of Newport at Newport Beach of \$599.10.

Today a W. J. Burns Detective Agency detective went to Newport Beach to again look over the ground and to talk to people there, hoping that he might find something that will help out in getting a line on the robbers.

The detective agency is convinced that the bandits were new at the game. There is nothing in the job to indicate the handiwork of known professionals.

NEGRO HAS RIGHT TO SEAT SAYS HIGH COURT

NEW ORLEANS, La., Jan. 16.—The supreme court of Louisiana, in a decision handed down yesterday, held that a negro has a vested right to a seat in a street car, despite the "Jim Crow" law in effect in New Orleans and other Louisiana cities, and that he cannot be moved from a seat in the white compartment of a car, provided there is not a seat in the negro

KNOX ASKS FOR EMBASSY

WASHINGTON, Jan. 16.—Pleading for government ownership of ambassadorial mansions at Tokio, Rio De Janeiro, Mexico City and one European post, Secretary Knox appeared before the House committee on foreign relations yesterday and asked for funds to buy or erect such buildings.

—The 1912 E-M-F "39" sets a standard by which to judge cars costing much more. Do not fail to visit our salesroom this week. Wm. F. Lutz Co.

The Gulls and the Black Crickets

When the Mormons first settled in Utah black crickets came in myriads from the mountains and would have destroyed the crops had it not been for the gulls that came by hundreds and thousands from the surrounding lakes. At that time the settlers at Salt Lake regarded the advent of the birds as a heaven sent miracle, and ever since the gull has been esteemed almost as a sacred bird by the Mormons. About the beet and alfalfa fields when they are being irrigated the gulls still collect and feed largely on field mice that are so destructive to crops.—Success Magazine.

Not Consistent

"You are very foolish, Mary, to think of getting married. If you will give up the idea I will raise your wages a dollar a week."

"Huh—a dollar a week! That's a fine argument against marriage to be put up by a lady that's drawn \$400 a month alimony."—Judge.

The soldier is the only wild animal that does not eat what he kills.—Jen-
